## There's more to GoMobile than just checking your balance!

## **MOBILE DEPOSIT**

Don't have time to stop in to deposit a check? Use the Mobile Deposit feature on GoMobile. By snapping a picture of the front and back of the check through our app on your smartphone, your check is in your account without any hassle, and if we need anything, we will follow up by email or message.

Here's an example of what the back of your check should look like:

## CARD VALET

Everything you need to control your Meridia Debit Card! Not sure where your card went without you? If it's lost or misplaced, save the phone call and turn your card off to prevent unwanted use. Set limits on how much is spent, or alerts to let you know when the card is being used or review what was spent and where.
