What's a goal without a plan?

Depending on where we are in life, our approach to budgeting changes. However, if we start out saving and planning for our financial future when we're young, the target is easier to make.

So what is financial planning? You wouldn't take a trip to an unknown destination without a GPS or roadmap, right? Financial Planning is your guide to help you hit your financial goals and making sure you are protected along the way. From buying a house to college educations to retirement, you are much more likely to succeed in achieving your goals if you have a plan. It's also a great time to review your life insurance coverage and needs, retirement savings, debt and whatever else is on your mind.

Did you know we have a Financial Advisor on staff?

Take some time, set a free review appointment and get on the right track to make 2022 a year with a plan.

HAVE YOU NOTICED THAT WE DRESS CASUAL ON FRIDAYS?

People helping people is important to all of us at Meridia, so we've made Friday our "Dress Casual for Charity" day. Our employees contribute each week to a Casual Friday Fund and we make donations throughout the year to charities that are important to us.
